## DANFOSS POWER SOLUTIONS APPOINTS KRAFT FLUID SYSTEMS TO PREMIER PARTNER STATUS

Premier Partner status helps Kraft offer clients better service and support.

**Cleveland, OH** – Effective January 1, 2021 Kraft Fluid Systems, Inc. was appointed to Premier Partner status by Danfoss Power Solutions. The title of Premier Partner is the highest tier of recognition offered to Danfoss distributors within their Partner Excellence Program. The program is designed to benefit customers through creating value and improving the ease of doing business. Only a select few distributors in North America meet the high standards set for customer satisfaction, inventory, training, product certifications, continuous improvement, and build center capabilities.

“We have a long and successful history with Danfoss and are very proud to be awarded Premier Partner status,” says Scott Durand, president of Kraft Fluid Systems, Inc. “This newly awarded status is an endorsement from Danfoss stating we offer best-in-class service and support for all of Danfoss Power Solutions’ product needs in the mobile OEM market.”

Kraft Fluid Systems stocks, builds, sells, and services many Danfoss products such as hydraulic pumps, motors, electronic controls, and the complete Danfoss PVG family of proportional valves. Many products can be quickly configured in-house to meet customer specific needs. With thousands of Danfoss items in inventory, Kraft can act quickly to design and deliver complete hydraulic circuits easily and effectively.

Kraft sells and services Danfoss Power Solutions products throughout 11 states including Wisconsin, Michigan, Indiana, Pennsylvania, Ohio, Kentucky, West Virginia, Delaware, Maryland, New Jersey, and Connecticut. All of Kraft’s Territory Managers are Certified Fluid Power Hydraulic Specialists (CFPHS) and have completed extensive Danfoss product training.

### **About Kraft Fluid Systems Inc.**

Kraft Fluid Systems is the leading distributor of mobile hydraulic equipment and electric drive solutions in the Midwest US. The company sells, services and inventories products from world-class manufacturers. With nearly 50 years of experience, Kraft is the preferred distributor when seeking

hydraulic components, power transmission equipment, electric drive technologies, and electronic controls for mobile OEM integrated solutions.

Kraft Fluid Systems is known as the mobile system integration experts. The employee-owners at Kraft have the technical expertise and knowledge to provide the best custom solutions based on decades of hands-on experience and training like no other in the industry. We have the expertise, integrity, passion, and a relentless focus on providing increased value and helping our customers sell more equipment.
